Pro SoundBar PSB-2

2.0 Channel Commercial Soundbar

Key Features:

- Full-range stereo sound without the need for a subwoofer
- Application-specific features for guestrooms and staterooms
- Simplified HDMI input & CEC control
- Effortless Bluetooth connectivity and control
- Neutral room décor aesthetic
- Volume limiting
- Lockout plate prevents tampering
- Internal, universal power supply for global installations, no "wall worts"
- Securely mounts to wall/table to prevent theft or drifting on cruise ships
- Mounting hardware, power and HDMI cable
- Auto standby for reduced energy usage
- Non-absorbent materials for easy cleaning

Applications:

- Hotel guestrooms
- Cruise ship staterooms
- Meeting rooms and education spaces

The PSB-2 high-fidelity, professional active soundbar is designed specifically for use in hotel guestrooms and cruise ship staterooms. Targeting these unique applications, the JBL Pro SoundBar PSB-2 reduces the cost and complexity found in consumer-grade soundbars while providing excellent sound quality, security, and reliability.

The all-in-one design provides full-range sound without the need for a separate subwoofer and a volume limiting switch to control maximum volume output.

The PSB-2 has HDMI and Bluetooth digital inputs are included and a single source control button on top of the speaker makes switching between sources simple. Automatic Bluetooth pairing management and the ability to update the Bluetooth name of each PSB-2 can be helpful when managing multiple PSB-2s.
